

## Are you interested in becoming a host? Call us!

Kudoz is an online catalogue of hundreds of learning experiences for individuals and families living with a disability. Kudoz helps widen their sense of possibility, build their sense of self, and shape roles in the local community.

### The Business Host community is growing!

Each week, more and more small businesses and freelancers are signing up to offer one-hour, one-on-one learning experiences to individuals-served. Experiences range from a behind the scenes tour, to a mini project, to helping with something that already happens in their business.

This is a great way for individuals to learn about new roles in community and for businesses to gain a new perspective about their business

### Last week's learning experience at Sophie's Pet Palace

Behind-the-scenes experience at Sophie's Pet Palace. During this experience Ku-doers learn how to scan products and create receipts. Ben, who recently went on the experience, left wanting to know more about how businesses work.

"I learned to scan receipts and read them." Ben. Ku-doer

"It was easy & fun to

"This is the best pet shop, I got to walk the pomeranian dog and know how to care for the dog."

Ku-doer

"I've chosen
my next Kudoz
experience from
the catalogue,
going to a dog
show!
