

Providing a safe, healthy & responsive environment.

Summer Program

BACI also offers a full-day Summer Program, which runs Monday to Friday during the months of July and August.

For more information on the Summer Program, please email jen.ghioda@gobaci.com or call 604.299.7851.

Referrals come from the Ministry of Child and Family Development (MCFD).

Building Caring Communities

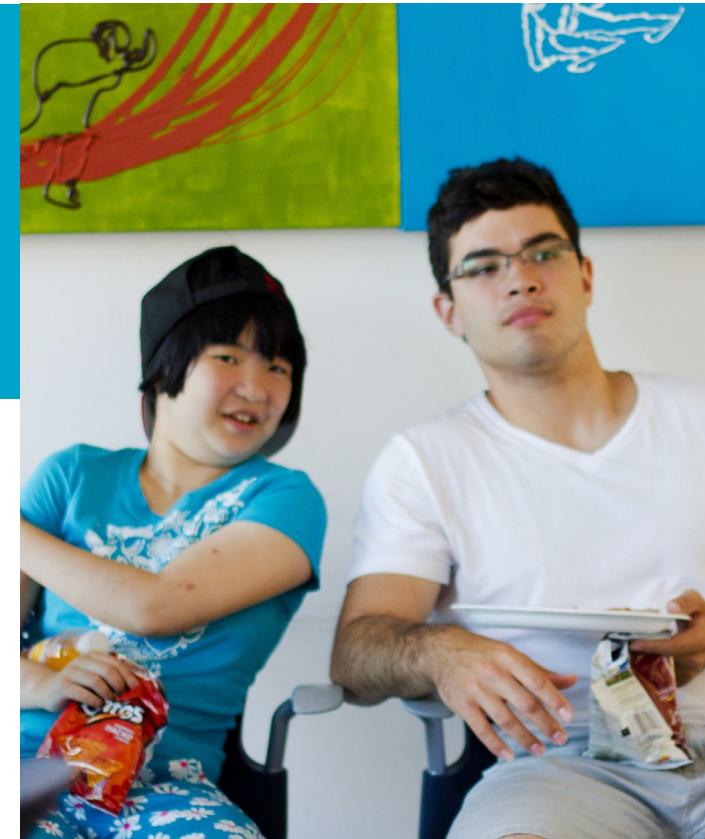

The Burnaby Association for Community Inclusion (BACI) is a grassroots, non-profit organization that has spent over 60 years providing innovative services for children, youth and adults with disabilities and their families.

We currently serve over 1,000 individuals and their families in Metro Vancouver by providing various training, development, social and recreational opportunities. Through our various EmployAbility programs and social enterprise initiatives, we support the economic inclusion of people with disabilities.

With our four integrated child care centres, and Infant Development Program, we support over 400 children of all abilities and their families.

For more information on BACI, please visit www.gobaci.com.

Youth Services

Burnaby Association
for Community Inclusion

Youth Activities

BACI's Youth Activities Programs offer opportunities for teens to access their communities and network with their peers throughout the year.

By providing a safe, healthy and responsive environment, BACI's support workers help facilitate the youths' social inclusion and opportunities for learning.

Each participant is welcomed and respected as both an individual and a member of the group. Our goal is to provide a rich and positive experience in a physical, emotional and creative program. Our activities provide social and recreational experiences for all youth with disabilities living in Burnaby.

All youth have the right to develop to their fullest potential & participate in activities of their choice in their community.

Respite

The goal of BACI's Child and Youth Respite program is to assist families with children with special needs in caring for their children.

BACI's respite services are delivered in a variety of ways that meet the family needs. These include in-home respite, sleep-away respite, and occasional hourly support in the community.

Increasing the personal support networks of children and their families helps to build resiliency in the family unit. Respite services can provide opportunities for parents to focus attention away from their special needs child, to other family members and themselves.

Families are involved in the process of choosing a respite provider, and work with this person or family to set up a service that is family-centred.

Children are referred to BACI by the MCFD Children and Youth with Special Needs liaison. The eligibility is determined by MCFD policy. Our services are for families in the Burnaby and New Westminster area.

For more information, email jen.ghioda@gobaci.com or call 604.299.7862.
